## 12-15 March tour in Columbus

GBA's annual tour was 12-15 March 2020 and was based in Columbus. Thanks to those who participated in our book exchange, GBA raised more funds than in any prior book exchange. For the excursions, we had mostly clear and warm weather for our visits to Andersonville National Historic Site, the National Infantry Museum, and the National Civil War Naval Museum, for our evening walk along the Chattahoochee River to see the sites of the former steamboat wharf and the naval shipyard, and for our visits to Linwood Cemetery and the Battle of Columbus Plaza. See more about the tour at [www.georgiabattlefields.org/tours.aspx](http://www.georgiabattlefields.org/tours.aspx) and also to see more photos.

While our group was at the Naval Museum, GBA trustees Mary-Elizabeth Ellard and Stephanie Vale noticed another visitor who seemed especially enthused about the exhibits. The young man was Dalton Shuman, from Savannah, who had asked his parents to bring him to the Naval Museum for his 14<sup>th</sup> birthday. We had had a raffle for our group to see who would pull the lanyard on the naval gun outside the museum, and when GBA trustee Joe Trahan won the raffle, he promptly turned over his ticket to Dalton. Here is what Dalton wrote about the experience.

### An Experience of a Lifetime

While visiting the National Civil War Naval Museum in Columbus on 14 March for my birthday, I met a wonderful group of people who let my family and I tag along on their tour. I later discovered they were a part of the Georgia Battlefields Association. When Ms. Mary-Elizabeth Ellard handed me tickets, I did not know what they were for but was told they were raffle tickets for someone to pull the lanyard on the 7-inch Brooke rifle on the museum grounds. I politely refused because I have pulled the lanyard on our 3-inch ordnance rifle many times, but Ms. Ellard insisted, so I took them. Several other people found out it was my birthday and handed me their tickets, so by the time of the drawing I had a good number of tickets.

When the drawing came, the number chosen was not one I had. I was happy. I figured it would give someone else a tremendously cool experience. Mr. Joe Trahan had the winning number and offered me his ticket. I asked him to keep it, but he insisted, so I graciously accepted.

When I got to the gun I was so excited. I thought it would be just like pulling the lanyard on our gun, but it was totally different. Pulling the lanyard on something that has 3 1/2 lbs. of powder in a round is a really big rush! When I heard "Ready," I was really excited but a little scared. I thought, "What if it misfires? What will I do?" But when the Museum's Mr. Jeff Seymour said "Fire," I pulled the lanyard, and the gun went off! BOOM!! I was relieved! The sound echoed across the valley! This was so awesome and truly the experience of a lifetime! Thanks to Georgia Battlefields Association for letting me fire the cannon.
